Summary

- STRANGELY: SYNC WELL WITH STRANGERS
- STRANGELY pioneers a new approach to local networking by uniting residents through diverse activities. It bridges the gap between newcomers and locals, simplifying daily tasks while fostering community bonds.
- Unique in its focus, STRANGELY stands apart from platforms centered on established connections or dating. It fills the void by aiding newcomers in settling and connecting based on shared activities.
- Initial features like Community Cooking, Daily Life Travel, Outdoor Excursions, and Sports Club match-ups lay the foundation. Future plans include expanding activity options and enhancing user engagement through interactive features.
